

law barring transgender students from playing on the school sports teams that correspond with their gender identity;

(2) between 2021 and 2022, 17 additional States have enacted laws prohibiting transgender students from playing alongside their peers on school sports teams;

(3) in Tennessee in 2021, Governor Bill Lee signed a bill that allows any student, parent, or employee to sue if they interact with a transgender person in a school bathroom or other facility; and

(4) in 2022, Alabama and Oklahoma enacted laws that prevent transgender students from using the school bathroom or locker room that corresponds with their gender identity;

Whereas GLSEN's 2021 National School Climate Survey found that LGBTQI+ students who experienced LGBTQI+ discrimination at school in the past year, including being prevented from using the restroom that aligns with the student's gender identity and being barred from playing on the school sports team that aligns with the student's gender identity, were nearly 3 times as likely to have missed school in the past month, had lower GPAs, reported lower feelings of school belonging, and had higher levels of depression compared to LGBTQI+ students who had not experienced LGBTQI+ discrimination;

Whereas LGBTQI+ young people are more likely than their non-LGBTQI+ peers to experience mental health concerns, including stress, anxiety, and depression;

Whereas nearly half of LGBTQI+ young people seriously considered suicide in the last year, a trend that increases among Indigenous, Black, and multiracial LGBTQI+ young people;

Whereas the GLSEN's 2021 National School Climate Survey found that, among LGBTQI+ students who said that they were considering dropping out of school, 31.4 percent indicated that they were doing so because of the hostile climate created by gendered school policies and practices;

Whereas States are passing or attempting to pass legislation that erases or censors LGBTQI+ individuals, history, and contributions from classroom literature and curricula, including—

(1) in March 2022, in Florida, Governor Ron DeSantis signed HB 1557 into law censoring instruction related to LGBTQI+ people, commonly referred to as the "Don't Say Gay or Trans" law;

(2) in May 2021, in Arizona, Governor Doug Ducey signed HB 2035, which would require parental consent for a child to learn about topics such as the United States Supreme Court ruling in *Obergefell v. Hodges*, 576 U.S. 644 (2015), that the fundamental right to marry is guaranteed to same-sex couples; and

(3) in 2021, Arkansas, Florida, Montana, and Tennessee enacted laws that treat instruction related to LGBTQI+ individuals in history, science, the arts, or any academic class as a sensitive topic that requires parental notification and allows parents to opt their child out of such instruction;

Whereas these laws harm students and force families to consider leaving their homes, as demonstrated in a Williams Institute report, which found that 56 percent of LGBTQI+ parents of students in Florida considered moving out of Florida and 16.5 percent have taken steps to move out of Florida because of HB 1557;

Whereas States have gone farther by specifically targeting transgender students and their families with policies that attack mental health counseling and gender-affirming care for transgender students, including—

(1) in 2022, in Texas, Governor Greg Abbott issued a directive to the Department of Family and Protective Services to investigate the parents of young people seeking gender-

affirming care for child abuse, which purported to require school professionals to report parents who are supportive of their transgender child for investigation; and

(2) by early March 2023, 34 States have introduced over 135 bills that prohibit or create barriers to the social affirmation of transgender and nonbinary students in schools, such as using a student's chosen name and pronouns, regardless of the risk to the student's safety, health, and wellbeing;

Whereas 85 percent of transgender and nonbinary young people say that recent debates prompted by State legislation restricting the rights of transgender individuals have negatively impacted their mental health;

Whereas every young person must have equal educational opportunity and freedom from the fear that their basic civil and educational rights will be taken away from them;

Whereas young people who develop in positive school climates, free from bullying, harassment, and discrimination, report greater physical and psychological safety, greater mental well-being, and improved educational and life outcomes;

Whereas positive school transformation must recognize that safety is too low of a bar and that all communities deserve to be acknowledged and affirmed in schools;

Whereas students and families, educators, and community members in Arizona, Arkansas, Florida, Idaho, Montana, Tennessee, Texas, and in all States and territories are advocating for safe and inclusive learning environments that affirm LGBTQI+ young people, particularly those who are transgender, nonbinary, Black, Indigenous, people of color, and people with disabilities; and

Whereas we must all demand the best possible future for all young people in schools, particularly those who identify as LGBTQI+, without exception: Now, therefore, be it

*Resolved*, That the Senate—

(1) supports the goals and ideals of the Rise Up for LGBTQI+ Youth in Schools Initiative in demanding the best possible future for all young people in schools, particularly those who identify as LGBTQI+; and

(2) encourages each State, territory, and locality to support the Rise Up for LGBTQI+ Youth in Schools Initiative and adopt laws and policies that prohibit bias-based victimization, exclusion, and erasure.

#### SENATE RESOLUTION 135—DESIGNATING MARCH 18, 2023, AS "NATIONAL OSCEOLA TURKEY DAY"

Mr. SCOTT of Florida (for himself and Mr. RUBIO) submitted the following resolution; which was considered and agreed to:

S. RES. 135

Whereas wild turkey has been an important part of the history and family traditions of the United States;

Whereas wild turkey was on the table at the very first Thanksgiving, and turkey continues to be a mainstay during many holiday traditions;

Whereas wild turkey is a healthy, organic, and delicious source of lean protein;

Whereas 5 subspecies of wild turkey inhabit North America;

Whereas, in the United States, turkey hunters have spent \$76,900,000 per year since 1985 with an economic impact of \$128,700,000 annually;

Whereas Florida has a rich history of wild turkey hunting, management, and research;

Whereas Florida is home to the Wild Turkey Cost Share Program, which is the largest public-private partnership program in

the United States for the maintenance of wild turkey habitat on wildlife management areas and other public lands open to hunting;

Whereas, since the Wild Turkey Cost Share Program began in 1994, upwards of 1,000,000 acres of upland habitat have received funding for turkey habitat management efforts;

Whereas, in the 2022 Florida spring wild turkey season, 25,290 hunters participated in turkey hunting, including 4,744 non-residents of the Sunshine State;

Whereas, in Florida, revenue generated from the sale of wild turkey permits is used for conservation, research, and management of wild turkeys or to promote the cultural heritage of hunting;

Whereas turkey hunters are an important part of the Wild Turkey Cost Share Program, and the money generated from the sale of turkey permits, which are a requirement for hunting wild turkeys in Florida unless exempt, allows the Florida Fish and Wildlife Conservation Commission to make significant contributions to the program each year;

Whereas Florida is home to 2 subspecies of wild turkey, the eastern wild turkey and the Osceola or Florida wild turkey;

Whereas the Osceola is 1 of 5 subspecies of wild turkey in North America;

Whereas the Osceola turkey exists only in peninsular Florida;

Whereas the Osceola subspecies of wild turkey is often perceived as mysterious and the most difficult to harvest because of its small geographic range and the often swampy habitat where it is found;

Whereas hunters in pursuit of all 4 subspecies of turkey in the United States, known as a "Grand Slam", must hunt in Florida; and

Whereas March 4, 2023, is the opening day of turkey harvesting season in part of Florida, and March 18, 2023, is the opening day for the entire state: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates March 18, 2023, as "National Osceola Turkey Day"; and

(2) encourages the people of the United States to observe the day with appropriate ceremonies and activities.

#### SENATE RESOLUTION 136—RECOGNIZING THE CONTRIBUTIONS OF AMERICORPS MEMBERS AND ALUMNI AND AMERICORPS SENIORS VOLUNTEERS TO THE LIVES OF THE PEOPLE OF THE UNITED STATES

Mr. CASSIDY (for Mr. COONS (for himself, Mr. CASSIDY, Mr. HEINRICH, Mrs. CAPITO, Mr. REED, Mr. VAN HOLLEN, Mr. BENNET, Mrs. SHAHEEN, Mr. KING, Mr. BROWN, Mr. MANCHIN, and Ms. COLLINS)) submitted the following resolution; which was considered and agreed to:

S. RES. 136

Whereas, since their inception, each of the AmeriCorps and AmeriCorps Seniors national service programs have proven to be a highly effective way—

(1) to bring people of all backgrounds throughout the United States together in common cause to meet the most pressing challenges of communities in the United States; and

(2) to promote the ethics of service and volunteerism;

Whereas, each year, more than 200,000 individuals serve in AmeriCorps and AmeriCorps Seniors at nearly 40,000 locations across the United States to give back in an impactful way to communities, States, Tribal nations, and the United States;
